

## **Field Service Technician**

At Osterwalder, the service support of our customer base is our number one priority. We are looking for a responsible / self-motivated person with integrity that will work independently as well as present themselves in a professional manner as a representative of our company. We are a growing company and can offer a very competitive salary with excellent benefits. The ideal candidate would have hydraulic / mechanical / pneumatic / electrical experience. Industrial computer programming would also be a desired skill.

**This job would entail travel of about 60% and would work from a home office.**

Once an initial probationary period is completed, the employee would be issued the necessary equipment. Reliable transportation is a must and the employee would be compensated for use of a personal vehicle. The majority of travel would be concentrated in the areas of the northeast and upper mid-west. After the initial probationary period is completed, the employee would be formally trained at the European facility for several weeks / months. You must be willing to travel with this job. You will be given every opportunity to excel and succeed in a very rewarding career.

Requirements:

- HS Diploma / GED
- Technical degree in electronic or industrial technology is a plus
- Computer skills (Word/Excel + Machinery Programming)
- Pass drug screening and background check
- Personal vehicle
- Clean driving record
- Passport

Serious candidates only! Qualified Veterans encouraged to apply! We believe in the motto "Hire Character – Train Skill"
